

THE DAILY AND WEEKLY HERALD has more than double the circulation of any other paper published in Southern California. Business men recognize it accordingly as the best advertising medium South of San Francisco.

FRIDAY, NOV. 23, 1875.

NEWS OF THE MORNING.

The races yesterday were quite interesting. The great thirty thousand dollar race in San Francisco has been postponed till Christmas.

A young man named Jose Maria Portia fell under the train yesterday at the Southern Pacific depot and one of his feet was so badly crushed that amputation above the ankle was necessary.

The telegraph line was working badly last night and we are without full reports this morning.

Thanksgiving day was generally observed in this city yesterday.

PORTO RICO is an interesting place for Free Masons. For a violation of the ordinances of religion forbidding membership of a secret order, fourteen Masons have been tried and convicted. Three were sentenced to four and eleven to two years imprisonment.

SECRETARY OF STATE DRURY MALONE in his late report alludes to the orders made upon him by members of the Legislature for stationery in a manner which implies that more is called for than absolutely required. And DRURY is correct. Thousands of dollars are wasted in stationery at every session. If members were required to purchase their own postage stamps, envelopes and letter sheets there would be a wonderful falling off in the quantity used. In the good old days of suggestions and extravagance some members used to send home boxes of stationery and stamps, besides wasting hundreds of dollars worth during the session. We hope the Legislature soon to convene will pass a resolution that each member shall purchase his own stationery.

It is stated that there is now more idle money in San Francisco than ever before. People are withholding their funds from the banks, and the banks are retaining their coin. Loans are refused on the most unexceptionable security. It is not probable that the disposition to hold on to money will disappear until the annual settlements are made. Exorbitant rates are demanded and acceded to where accommodations are given. In some instances, on "side loans" interest as high as five per cent per month is paid. This shows a degree of closeness in the money market of San Francisco, not felt in this city. Money is comparatively plenty here on satisfactory security may be had on much easier terms. Our people are not disposed to hide away their coin. This is apparent by the large number of deposits made daily in the Farmers and Merchants' Bank. The utmost confidence in this bank prevails throughout the entire community and it is expected that in a short time all traces of the late stringency will have entirely disappeared.

THE San Francisco News Letter believes there are too many banks in that city and that the aggregate capital is divided into too many sums. There is a great deal of truth in this. It is more than probable that if all the banking institutions of San Francisco were merged into five or six well managed banks the interests of the entire community would be better served. We have not only in San Francisco but throughout the State too many banks that are wanting in both the management and the security necessary to inspire a feeling of safety among those who are seeking a place to deposit their money. A bank ought to be based on principles that admit of no possible loss to those whose funds are entrusted to its keeping and such banks the people of California must have before a feeling of perfect confidence is restored. If the stockholders of a bank are worth in individual property three or four times the amount of money entrusted to their keeping and they hold this property unencumbered and as collateral security for the money of their depositors, loss is impossible. Fewer banks and better ones is the great desideratum. We have a few of this class of banks, and we need more of them.

Filth and Disease.

A late number of the Scientific American contains an exhaustive article on "Filth as the Source of Preventable Disease," which should be read by all and copies of it ought to be framed and hung up in the council room of every city and town in the nation. The Mueselman theory that death from poison engendered by a cesspool is the will of God is hardly endorsed by the American people, yet in too many places death arises from these fetid holes and stalks through a town while the people exclaim, God's will be done. The death rate of a city is increased by the neglect to remove refuse matter from inhabited places and the license which is permitted to cases of infectious diseases to scatter far and wide the seeds of their infection. The first originators in local uncleanness and indifference. Dr. SIMONS, on summing up the results of extensive and able investigations of sanitary conditions says: "In total power, un-

cleanliness must be reckoned as the deadliest of our present removable causes of disease." Filth is destructive to life in two ways. First, by direct poisoning action, as by the fumes of organic decomposition from unventilated cesspool or choked sewer by continued breathing of the noxious gases. Second, by the contagious disease which it breeds in the system. The causes of pestilential disease are well known, and the remedy may be pointed out by every one of average intelligence; but the great difficulty encountered is to apply the remedy. Los Angeles has too many of these life-destroying cesspools and decayed sewers, and their existence is well known to the officers, but the means of abatement are not at hand. The law by which purification ought to be secured reads well enough and seems to cover the ground, but the power of enforcement is wanting. The ordinance under which the Health Officer should cleanse the four places is a dead letter. Citizens refuse to obey the law, and there does not appear to exist the power to enforce obedience. There is no cause for wonder that despite the purifying effects of the sea breeze which daily sweeps the city, we have occasional cases of typhoid and other fevers that are caused by the poisons engendered from the plague spots that are found in too many localities within the city limits. Some day the people will learn that the cost of cleanliness is less than that of doctors' bills and funeral expenses.

LETTER FROM RIVERSIDE.

The Rainy Season—Farmers Jubilant The Riverside News—Mr. Morris—Thanksgiving Dinner—Active Plowing—Captain Sayward—The Riverside Company—The Approaching Christmas.

EDITOR HERALD: Our rainy season comes in early, grandly and copiously. So say the farmer and horticulturist, while they laugh for joy over the crop prospects. On the other hand, the priest and invalid say, "What horrid weather!" as they anxiously look for the breaking away of the clouds, hoping for sunshine and fair weather. Ever thus—one class of people rejoices and another is sad over the same thing. Much depends upon how we are personally and pecuniarily affected. Few of us are unselfish enough to be a willing sacrifice for the good of others. We are really having an abundance of rain, and if I exit it is from the horticulturist's standpoint and general prosperity of the State.

THE RIVERSIDE "NEWS." In a few days the Riverside News will make its bow before its future patrons, and we will have the "power of the press" to make known our excellent qualities as a locality and defend us from the jealous envy of our enemies. Riverside in my opinion needs an enterprise of this kind to correct many erroneous views which strangers are apt to receive and entertain from the fact that all who come to us "run a gauntlet" of many unreliable influences in passing through other places where the people are so anxious to grow at the expense of veracity. Messrs. Buck & Davis, two young types from San Bernardino, with faith in Riverside, are about to issue, we trust, a live newspaper. In a few days we will be in print, and will have taken another step towards civilization.

MR. MORRIS. Mr. Morris, of your city, is with us, and, like Mark Twain, is "trying to be jolly," and judging from his vivacity and mirthfulness he either finds our place very agreeable or succeeds admirably in making the best of us.

THANKSGIVING DAY. To-morrow will be Thanksgiving. We being a New England colony, make accordingly an onslaught upon all the poultry within our reach, and try to forget the empty chairs which may surround the home-board, some thousands of miles away.

PLOWING. Everybody who owns land about Riverside is plowing during the interregnum between showers, or is getting ready to break the virgin soil.

CAPTAIN SAYWARD. I learn Captain Sayward, for the company, intends putting some thousands of acres into barley, and all is well and activity with us. Referring to this company, who are doing so much for this vicinity, I must shortly give you some idea of their great work in ditch-making, fluming and filling. They have spared no expense in trying to make a substantial and excellent improvement here. We are still building. One from an eminence looking down upon the newness of roofs will have to admit that we have fairly doubled our buildings within a few months.

THE APPROACHING CHRISTMAS. Quite an interest is felt by some of our religious societies in the approaching Christmas. Trees and festivals are to be held, partaken of and enjoyed. We have lately added an artist to our numbers, and many of our people are duplicating themselves and their places upon the supposition that we cannot have too much of a good thing; and so long as we cannot very well ourselves, are willing to make them. I was going to write, our beautiful selves, but should say our physically improved selves.

Truly yours,
G. W. BARCELON.

Riverside, Nov. 24th.

Railroad Movements.

The San Francisco Call of the 22nd inst. has the following intelligence: "We published a rumor on Sunday to the effect that the Oregon system of railroads was about passing into the hands of Messrs. Stanford & Co. This is believed to be the case, and it must prove beneficial to Oregon, for that State requires, for its full development, a connection with the California system of railroads. It seems also pretty well settled that our California railroad managers will control this end of the Southern Pacific Railroad, in spite of the efforts of Scott to the contrary."

The time of the hurdle match was 2:19.

PACIFIC COAST.

San Francisco News. SAN FRANCISCO, November 25th.—E. J. Baldwin, the owner of the fleet steamer Rutherford, offers to run his horse against Springbok, four miles and repeat, for \$10,000 or \$20,000 a side. The owner of Springbok has not yet been heard from in response to the challenge.

Chas. Andrews, from Los Angeles, arrived at the city prison today in time for his Thanksgiving dinner. He was on his way to San Quentin to serve a sentence of three years for grand larceny.

Thanksgiving is generally observed Business of all kinds is suspended. The day is cloudy and threatening. Fat turkeys are in demand.

The investigation of the Pacific disaster was commenced in this city by Capt. Waterman and Mr. Hillman. The owners of the Pacific are represented to have entered a protest against the privacy of the proceedings and express a desire to have the examination conducted with open doors.

Officers Douillard and McDonough this forenoon arrested one of the hoodlums engaged in the assault on Mrs. Higney, on Jerome street, last Tuesday morning. The prisoner gave the name of James Michael Coffey, and he has been fully identified by the prosecuting witness as one of the guilty ruffians. It has been ascertained that the hoodlum fired upon by the police while making his escape over the roof was Timothy Foy, a boy of Patrick Foy, who is now in custody.

Timothy received two pistol shots in the leg, and he is now sequestered in one of the stables of the Flat by sympathizing friends. The father of this pair, though entirely responsible to God and man for degrading humanity by the cultivation of such specimens, declares his abhorrence of the crimes they have committed and his entire willingness to give them over to the retribution they have earned. He denies any knowledge of the whereabouts of the wounded Timothy. In view of the defense attempted on behalf of the prisoners, ample testimony will be produced by the prosecution to-morrow going to sustain the good reputation of the victim of the outrage, and refute the imputation made that her conduct invited the assault.

The depression of spirits among turmen caused by the war and the postponement of the running race seems likely to be removed by the action of E. J. Baldwin, owner of Rutherford. He offers to run his horse against Springbok for \$10,000 or \$20,000 a side, four miles and repeat, within thirty days. The race is accepted within ten days, with half forfeit.

At a meeting of the Executive Committee of the Pacific Jockey Club yesterday morning the \$30,000 race was postponed until Christmas day, and all parties declared off. Even if the condition of the track permitted the race could not be run for three or four weeks, owing to the flyers being down with the epizootic. Springbok and Wild Idyl are each suffering from a slight attack, and the only racer entirely free from the distemper is Lucky Baldwin's Rutherford. The action of the committee in declaring the pools off relieves from blockade about \$600,000 in gold coin.

Tuesday night a burglar attempted to enter a store at No. 1401 Polk street, by climbing through the rear window. Mr. Arnold was awakened and surveyed the fellow, while he was subjected to closer surveillance by the eyes of a police officer who was on the outside, and clutched at the man as he had gone far enough in through the window to make his offence a crime, but he eluded the grasp and skinned gracefully over a row of out-houses until he was brought to a halt by a high wall. The officer was in close pursuit at the time and when he came up with him, he put out his hand to catch him, when the fellow struck out and planted his fists between the officer's eyes, prostrating him on the ground, after which he escaped. He was followed by two other officers, who fired a number of shots at him without effect.

The great number of old half dollar pieces now in circulation in this city has become the subject of comment by the police, who have been finding the pieces generally bear dates ranging from 1825 to 1855, and some of them are dated as early as 1808.

Michael Hannon, employed on the steamship City of Peking, yesterday fell into the water, and was drowned. The pieces generally bear dates ranging from 1825 to 1855, and some of them are dated as early as 1808.

The rain gauge of Thomas Tennent records a fall of 21-100 of an inch during the twenty-four hours ending at 8 A. M., making 5.34-100 inches thus far this season. A few days since a large schooner was reported capsized off the Columbia river. It has since drifted ashore and proves to be the new schooner Sunshine, which sailed from this port for Coos Bay on the 31st inst. under command of Capt. B. C. Smith. The disaster was probably caused by the vessel being struck by a heavy southwest squall, which capsized her instantly, not giving the crew time to take in sail. It is reported she sailed from this port with thirty passengers and a crew of ten men. It is supposed all were drowned. No information has been received announcing the safety of any of the number. Captain Bennett did not wish to take any passengers, but they prevailed on him to let them go.

Virginia City News.

VIRGINIA CITY, November 25th.—The Ophir mine started up their new works to-day and commenced hoisting ore. Everything seems to run smoothly. A large number of mining men were present and pronounced the works fully equal to the old ones.

The Consolidated Virginia will commence hoisting next week.

The framework of the California stamp mill is up, and it is expected they will be crushing ore in thirty days.

Thanksgiving day is generally observed in this city.

The San Diego Union says: The invalid lady who wrote from San Diego to a friend in Los Angeles, that she was thrown out of her bed by the violence of the earthquake, must have been dreaming. Nobody else felt any such shake, and all laugh at the gross exaggeration.

EASTERN NEWS.

Thanksgiving Day in New York.

NEW YORK, November 25th.—Thanksgiving day was, as usual, observed here as a general holiday. No business was transacted and the day was given up to feasting and prayer. Special services were held in all the churches in this city and Brooklyn in honor of the day, and the inmates of the charitable institutions were liberally feasted on turkey.

Evacuation day was also appropriately observed by a parade and banquet of veterans of the war of 1812.

Central and South American News.

NEW YORK, November 25th.—The following letter was received here today by the Pacific Mail Steamship Company:

"PANAMA, November 15th.—The Peace Commissioners returned here on the 25th, bringing with them the arms of the former State militia. Two days after, according to the terms of the treaty, all of the political prisoners at Panama were released. Ex-President Atesmena immediately upon the recovery of his liberty went on board the South American steamer Loa, which sailed for the South. Mr. Atesmena it is believed will disembark at Paipa.

The Pacific Mail Steamship Company's new steamer City of San Francisco arrived from New York at Panama November 9th without accident."

PERU.—The presumed confirmation by cable of the report that the sale of 2,000,000 tons of guano with an advance of £2,000,000 has been assured, gives to business in Peru a much brighter aspect. Upon the publication of the news the price of corn fell of several per cent, and paper was in demand as a speculative medium.

Manfred B. Meigs, second son of Mr. Henry Meigs, died at Santiago on the 17th of October.

CHILI.—In the investigation as to the cause of the collision between the South American steamship Bilboa and the Pacific Steam Navigation steamer Calopax on the 13th, in the absence of any contradictory evidence the blame was attached to the vessel of the former company. The officers and employees of the company were not allowed to testify. The damage to the steamer was very slight, being mostly confined to the bulwarks.

Trouble was on the tapis with the latter government for allowing a vessel with colonies to leave Buenos Ayres to settle at a point South of the Santa Cruz river, in opposition to the protest of the Minister for Chili. The Arancanians Indians are again molesting the borders, and so far have escaped punishment.

BUENOS AYRES.—The latest from this point indicates no change for the better in its revolutionary attitudes.

[From the World of the 22d and 23d.]

We have heard that there were several cases of old men homesteading lands in this county and that blood was being engendered on the part of adverse claimants. These non-citizens had better naturalize at once.

An affray occurred in Bear Valley, a few days ago, between A. Adams and a Mr. Lovett, in regard to the boundary line of some land, and during the discussion Mr. Adams is said to have introduced a Henry rifle and sent a weighty argument after Lovett. The matter will be judicially investigated.

Our town had a narrow escape from fire last night, but fortunately it was averted by the care and forethought of Mr. Dwyer, the owner of the Lipperton Saloon, where the accident occurred. A suspended lamp in the house fell and burst at about nine o'clock, just as Mr. D. was about retiring. By the explosion, and before a bucket of water could be thrown upon it, the flames reached well up the wall burning the papering and scorching the wall. Fortunately the floor was covered with sawdust, which stopped the flowing of oil, the destructive element was quickly put out.

Mr. Pike Byburn, who had gone to Lower California in the pursuit of the fugitive, the supposed murderer of Coffey, at San Juan Capistrano, arrived here on Saturday evening, but was not accompanied by his prisoner. It will be remembered that it was stated yesterday that the authorities of San Rafael had both the fugitive and captive in custody. The result of that trial liberated Mr. Byburn, gave him charge of the accused man, and he proceeded homeward with him, but was met on grade in Lower California by a party of men who captured Rodriguez, and liberated him as is supposed, Mr. P. was permitted to return.

All Dead.

All of the Mandeville family have passed away. Agatha States died in New York; Mrs. Mandeville, the mother, died in this city; Wm. N. States, the husband of the first named, also died in this city. Then by the fearful loss of the Pacific, Mrs. Parsons (nee Jennie Mandeville), her husband and child; and sister Alicia Mandeville, and her brother Cal. Mandeville, wife and child, were all lost. The father of the family died in Philadelphia. This is a startling and terrible loss, and being so well known as they were in this city, makes a deep impression.

—S. F. Spirit of the Times.

Since writing our race report the officers of the Agricultural Society have concluded to continue the races on Monday, and the programme will include a hurdle race.

Judge Lindley, of Monte Vista, is a passenger by the steamer Ancon, to arrive to-morrow.

Dr. Aborn will remain at the Backman House until Saturday Dec. 4th.

This talented prestidigitateur had a full house at Turn-Verein hall last night. He produced almost an entire change of programme, pleasing to his audience. We never saw Herrmann's equal in these sleight-of-hand tricks, and it is no wonder he attracts such large audiences. Many of his feats are entirely new, having been originated by him, while the old tricks performed by the old stars are brought out in a new garb. He remains only two nights longer.

Herrmann's spiritual manifestations last night were surprising. He does all that the Davenport Brothers do, and much more. This alone is worth the price of admission, and he repeats it to-night and to-morrow night. A grand matinee for ladies and children will be given to-morrow afternoon at 2 o'clock. The people of Los Angeles should give Herrmann a generous support, as it may be an inducement to manager Maguire to send other amusements to this city.

Messrs. Brunk & Bruck, who exhibit the fine poultry at Agricultural Park, sold yesterday a pair of bronze turkeys, extra fine, for \$125, and two pairs of imported chickens at \$15 per pair. This enterprising firm offer great inducements to all who desire fine poultry. Apply at their stand at Agricultural Park.

GOLD REPORT.

SAN FRANCISCO NOV. 23.

Gold, 114 1/2.

Greenbacks—Buying, 86; selling, 87.

LOCAL BREVITIES.

Don't forget the lunch and supper at the Rink.

The steamer Ancon will arrive from San Francisco to-morrow.

All sorts of good things will be dished up at the Festival at the Rink this evening. Come one, come all.

The Baptist ladies have many good things in waiting for their supper this evening.

Rev. Mr. Campbell preached at Trinity Church yesterday to a small audience.

Gold closed yesterday afternoon at 114 1/2 per cent. Currency sold here at 86 @ 87.

Mr. E. J. Baldwin and R. H. Lloyd are passengers on the steamer Ancon, which arrives to-morrow.

Mr. N. C. Carter and family, of San Gabriel, were at the St. Charles yesterday.

Conductor James Loney and wife of San Fernando, were in the city yesterday.

Mr. Thomas Bannerman, of Santa Monica, was at the St. Charles yesterday.

Sam Howell will place call at the S. P. Telegraph Office for a dispatch to his address.

Bass' ale at the Symposium as well as many other imported liquors and cigars. Call and see Felix.

The Benjamin Troupe at Leck's Hall had a fine reception last night. For real negro minstrel ability this troupe has no superior.

We had the pleasure of meeting yesterday our friend, W. J. Brodick, who escaped the recent stage accident without a scratch.

The funeral of Major W. H. Kerns takes place to-day at 10 A. M. from the St. Charles instead of 3 P. M. as heretofore announced.

Lunch will be given at the Rink to-day at noon and supper again in the evening. The public are cordially invited.

It will be seen from our race report that the hurdle race is to be repeated on Monday. This will give another opportunity to our citizens to witness this exciting sport.

"Slim Jim" left yesterday by steamer for San Francisco. He was watched closely while here and got few opportunities to rob any one, so he shook the dust from his feet and departed.

Charles Brode, Spring street between Second and Third has an extensive stock of fancy and staple groceries. Customers can rely on getting all goods in his line pure and cheap.

The Baptist ladies at the Rink set an elegant table and are well patronized. We hope to see the Rink crowded to-day, as this is the first time the ladies have appealed to the public for patronage.

Jake Wallace's troupe appeared at the Merced Theatre last night to an enthusiastic audience. The specialties of this talented troupe were applauded to the echo, and we have no doubt the house will be crowded to-night and to-morrow night.

The bay stallion Enterprise, by Overland, out of Mott's mare Maggie Mitchell, is to be sold by auction at 10:30 A. M. to-day, at Agricultural Park, to close a co-partnership. This is one of the best chances ever offered on a fine-bred stallion, and the sale should be largely attended.

The menagerie men called at this office yesterday in high indignation because we stated that they were broke and that the Southern Pacific Railroad Company were running their show. As one of the gentlemen exhibited a thousand dollar draft, we were perhaps mistaken.

Our readers will remember that the races commence at eleven o'clock this morning, and that four races will be run to-day and four to-morrow, thus closing the programme. The four races to-day will be the two advertised for Thursday and the first two advertised for to-day. For further particulars see programme.

The Indian who had his foot crushed by the railroad train on Alameda street lay for a long time, no one being willing to take him to the hospital. At last Don Mateo Keller, hearing of it, directed his manager, Mr. Matthews, to hire a hack and send for a physician for the unfortunate man. This is what we call true christianity.

We found on a visit to the Golden Rule Bazaar of I. Rothchild, at No. 4 Los Angeles street, between Commercial and Aliso, one of the finest stocks of fancy goods, such as toys, plated ware, toilet articles, purses, cutlery and a thousand other articles too numerous to mention, at prices as low or lower than they can be bought in San Francisco. We would advise every one to visit the Bazaar, if only to look at as pretty a stock as was ever seen here.

Yesterday afternoon about 4 o'clock a sad accident took place on Alameda street, opposite M. Keller's, by which a Mexican named Jose Maria Porta had his foot cut off across the instep, by the outward bound Spadina train.

He was taking a ride on some lumber on a flat car, when his foot slipped and the engine and tender backed over him, crushing one-half of his foot off.

He was sent to the hospital by Don Mateo Keller, where his foot was amputated above the ankle by Dr. Brooke and McKee. At last accounts he was doing well.

AGRICULTURAL FAIR.

The Hurdle Race—The Fastest Horse Through all Right—The Running Race—Several Protectors—The Pacing Race—To-day's Programme.

Yesterday dawned brightly, giving fair promise of a good day, which was fully realized. About ten o'clock the crowd commenced its journey towards the Park, and by noon the grounds were crowded with vehicles and people. The hurdle race was the object of the public interest on account of its novelty as well as the popularity of the riders. The wheel of fortune and chuck-luck plied their little games, filling up the time pleasantly until the race was called. Noyes' stock sale had a small attendance owing to the other attractions, and was finally suspended until a more auspicious time.

THE HURDLE RACE.

The following was the published programme:

Hurdle Race—Mile dash over six hurdles for Society's cup; \$10 entrance, to go with cup.

B. Jacques, Santa Barbara, dam B. A. Herdman, Los Angeles, dam C. J. Hutchinson, San Jose.

C. B. Tenenel, Los Angeles, dam Geo. H. Bold, Los Angeles, dam C. W. Seymour, Los Angeles, dam Adolph Cells, Los Angeles.

At an early hour it was announced that B. Jacques, of Santa Barbara, and Adolph Cells, of Los Angeles, had been withdrawn. This created considerable excitement among betters, as Mr. Jacques had figured largely in the pools. The unexcitement among pool buyers was settled when Judge Eastman announced all pools on Jacques off. Pool settling then commenced briskly on the remaining riders, the field being freely taken.

The weighing of the riders showed the following weights: A. Herdman, Los Angeles, 164 pounds; A. J. Hutchinson, San Jose, 162 pounds; A. B. Tenenel, Los Angeles, 167 pounds; Geo. H. Bold, Los Angeles, 162 pounds; C. W. Seymour, Los Angeles, 167 pounds. The weight was fixed at 161 pounds, with one pound shrinkage. Mr. Hutchinson was below weight and had to carry lead to come up to the standard. When he first got on the scales he weighed 170 pounds, but was taken down to 162 pounds.

In drawing for positions Mr. Bold got the inside, Mr. Tenenel second, Mr. Herdman third, Mr. Hutchinson fourth, and Mr. Seymour fifth.

Mr. Hutchinson got the applause of the crowd by knocking down the first bar while cantering over it. The six hurdles were placed equidistant around the track, and were made of boards and brush.

The start was made about one o'clock in good shape, the horses cantering over the first hurdle neatly, and passing under the string close together. Before reaching the second hurdle Hutchinson took the lead, passing Bold in the first quarter, but fell over the hurdle. Bold being immediately behind fell over him and Tenenel tumbled over both. Bold and Hutchinson got up, remounted gallantly, and Bold cleared the third hurdle and was then lucked off and dragged on the track some distance, as Hutchinson had been after the second hurdle. Hutchinson got up and started for the third hurdle, but his horse balked and would not take it, but fell again. Tenenel's horse ran away after throwing him, and he was lamed slightly and scratched about the face. It was evident after these falls that Mr. Seymour would win the race.

When Mr. Seymour passed the wire the applause was deafening. Mr. Herdman followed him and came within three riders were still on the track. Mr. Bold riding in on his horse, Mr. Tenenel walking in, and Mr. Hutchinson arriving in Judge Sepulveda's buggy.

Taken altogether it was the most exciting race of the season. The favorites as usual were beaten, and the field won. There was more learned yesterday about hurdle racing than was known before in Los Angeles, and it will be more popular in future. Mr. Seymour won the cup and money.

THE RUNNING RACE.

The running race was then announced, with the following programme:

Second Race—Running—free for all three-year-olds, mile heats, 2 in 3. Purse, \$300; \$200 to first and \$100 to second.

R. T. Johnson, Los Angeles, enters s g Dick Johnson, by Marengo, dam by Tom Moore, white hind feet, star in forehead.

E. W. Noyes, Los Angeles, enters s f Lucy Reed, by Overland, dam Jenny Reed, by Argyle.

Matt. Bledsoe, San Bernardino, enters s c Lanning, by Tenbroeck.

H. Spence enters b g Wallace Noyes, pedigree unknown.

Richard Harvey, San Diego, enters b f Aileen Oge, by Norfolk.

Before starting John Becaft protested against A. Oge entering the race, on the ground of the owner not being a resident of this district, this purse being offered for three-year-olds of the district. Mr. Harvey, the owner, appeared and made a satisfactory statement to the judges, and the protest was overruled.

H. Spence asked to withdraw Wallace Noyes on account of epizootic, and after the judges inspected him the horse was withdrawn.

It was evident to all that if Aileen Oge ran in this race she would win, it being given to her by general consent. The riders ranged in weight from 87 to 90 pounds, and the race was easily won by Aileen Oge in two straight heats, time 1:51 and 1:54. Dick Johnson came in second, Deinger third and Lucy Reed fourth in both heats.

THE PACING RACE.

The following was the programme:

Pacing—free for all, mile heats, 3 in 5, to harness. Purse, \$200; \$150 to first, \$50 to second.

W. J. Welch enters b g Hoosier Dick, pedigree unknown.

Ben. C. Parker, Los Angeles, enters b g Midnight, pedigree unknown.

Henry Francis, San Bernardino, enters John, pedigree unknown.

There was not much excitement over this race, as it was generally believed Welch's Hoosier Dick would win in three straight heats, which he did, in 2:51, 2:54 and 2:45 respectively. Their order was as follows: First heat—Hoosier Dick, John, Midnight, Second heat—Hoosier Dick, Midnight, John, Third heat—Hoosier Dick, Midnight, John.

TO-DAY'S PROGRAMME.

The management are determined to finish the races this week, and for this purpose will commence at 11 A. M. to-day and to-morrow.

The programme to-day will include yesterday's programme as first published and two of the races advertised for Friday, as follows:

First Race—Trotting; free for all horses in the district that have never beaten 2:45; mile heats, 3 in 5 to harness. Purse, \$400; \$250 to 1st, \$100 to 2d, \$50 to 3d.

Joseph McEacham, San Diego, enters black stallion Prince, by Morgan, dam by Black Hawk.

F. P. Foster, San Diego, enters b g Temecula, pedigree unknown.

Chas. A. Durfee, Los Angeles, enters bay stallion Enterprise, by Overland, dam Maggie Mitchell.

Henry Keith, Los Angeles, enters black mare Boss.

MY SHIPS AT SEA.

How many ships live sent to sea—Buoyant with life and full of glee, How many ships I've freighted with my all; Drifted away beyond recall.

But storms will rise and storms will fall, And ships go down at sea!

How oft, with sails all golden—bright With sunlight—they have passed through sight While from the shore have I

Kept watch with eager eye Until my ship had floated by The blue sea sea melts into sky; Until, with sails all proudly set, Just where the earth with heaven met, They vanished—while I lingered yet.

But storms will come and winds will blow—My ships are driven to and fro—And some go down at sea!

And some more wrecks, from out the east—Mere hull, and spar, and broken mast, With all their treasures overcast, Float back to me.

And then I sigh o'er what I've lost: Weep o'er my life so tempest-tost—So cheerless, and so drear!

My trust I'll freight upon the sea! What bring they back but grief to me? But grief, and pain, and misery, To rend my soul with fear!

These shattered wrecks the cruel sea O'er the shore to me have sent—Are filled with phantoms drear! Phantoms of all I've lost before—Of bones and joys dead in the yore; Of hopes and loves that came no more; Of comrades dead in unknown shore, Come other dead to make me sore.

The cruel, living dead!

YOUNG MEN
Who may be suffering from the effects of youthful follies or indiscretions, will do well to avail themselves of this, the greatest boon ever sent to the afflicted of humanity. DR. SPINNEY will guarantee to forfeit \$500 for every case of seminal weakness, or private disease of any kind, or character, which he undertakes and fails to cure. He would therefore say to the unfortunate sufferer who has read this notice that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage of the disease, and if you do not seek relief, you are bordering upon the last, and are suffering some or all of its ill effects, remember that if you persist in procrastinating the time must come when the most skillful physician can render you no assistance, when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the doctor failed of success. Then let not despair work upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave. Full course of treatment \$25. Send money by Post Office Order or Express, with full description of case. Call or address
